DL 1792	19.9	200
DL 1528	21.8	184
DL 1960	24.7	173
DL 3400	23.3	175
DL 3217	26.4	164
DL 3393	24.9	172
DL 3710	26.4	147
DL 3857	25.8	162

Though this plot started off very well, it soon found itself struggling for water. The varieties still managed to pull through and really finished well. This was a very nice plot to harvest providing you with a very good data set.
